

APPLICATION GUIDE FOR USING RECLAIMED

Products Produced	Applications
Class 6 Concrete Base Course (-3/4")	Road base, trail surfacing, driveway cover
Class 5 Concrete Base Course (-1 1/2")	Structural roadway surfacing, under slab bedding, structural backfill
Concrete Dry Screened Rock (-2"x 3/4")	Wall backfill drainage, landscape stone (dyed or natural), wet/soft soil stabilization
Concrete Dry Screened Rock (-4"x 2")	Vehicle tracking rock for roads/driveways, drainage rock, landscape rock (dyed or natural), wet/soft soil stabilization.
Course Concrete Aggregates ASTM #57 (1 x 1/4") & #67 (3/4 x 1/4")	Ready Mixed concrete, pipe bedding, under slab bedding, landscape stone (dyed or natural), pavement.
Washed Sand ASTM (C-33)	Ready Mix concrete, pipe bedding, topsoil amendments, playground surfacing, pavement
Concrete Structural Fill (-3/8")	Under slab base course, ready mix concrete, pavement, path surfacing, landscape rock (dyed or natural) wet/soft sub-grade stabilization (mixed with soil), curb backfill, structural backfill, athletic/playground/trail surfacing.

CONCRETE & ASPHALT AGGREGATES

Products Produced	Applications
Class 6 Asphalt Base Course (-3/4")	Road base, trail cover, driveway cover
Class 5 Asphalt Base Course (-1 1/2")	Structural roadway surfacing, under slab bedding, structural backfill
Concrete Biota Cap (-12")	Material to cap and cover contaminated soils placed in disposal cells at landfills to prevent burrowing animals contacting the contaminated soils.
Concrete Stackable Landscape Stone "Staple Stone"	Erosion control structures, waterway drop structures, structure abatements, silt settlement basins, heavy rip-rap
Concrete Wash-Out Pond Silt	Topsoil amendments, aggregate base course amendment, non-structural fill material
Ready Mixed Concrete	Using a mix design of up to 50% recycled course aggregate, 100% virgin fines, and 20% fly ash.
Roto Milled Asphalt (-2")	Asphalt pavement, dust free roadway surfacing, structural backfill, driveway cover
Screened Asphalt Fines	Supplement aggregate base course, structural backfill

USES OF RECLAIMED CONCRETE PRODUCTS

- Landscape Stone
- Vehicle Tracking Rock
- Washed Aggregate
- Trail Surfacing

- Road Base
- Coarse Aggregate
- Ready Mix Concrete
- Pipe Bedding
- Structural Backfill
- Playground Surfacing

- Biota Cap
- Soil Amendment
- Under Slab Bedding
- Drainage Rock

Easily Produced to ASTM & AASHTO Specs
